

## March 2011 CME CONNECTION

### IAFP Online CME

#### **NEW Online CME Adult Smoking Cessation: Intervention Strategies for Primary Care Providers**

Visit the IAFP Education website at [www.iafp.com/education](http://www.iafp.com/education) to view the new CME activity on Adult Smoking Cessation. This CME activity will take providers through the tolls of smoking, understanding and combating addiction, behavioral & pharmacologic interventions, and therapy options & strategies.

#### Learning Objectives:

- Assesses an adult smoker's readiness to quit smoking. Implement the "5 A's" of intervention.
- Describe the effectiveness of FDA-approved first-line pharmacotherapies for smoking cessation (e.g., nicotine-replacement therapy, bupropion).
- Recognize the efficacy of behavioral therapies for smoking cessation.
- Implement the basic elements of a counseling intervention for smoking cessation.

Presented by Tamarah Duperval-Brownlee, MD, Assistant Professor & Medical Director, University of Illinois at Chicago, Department of Medicine.

*This medical education program, Adult Smoking Cessation: Intervention Strategies for Primary Care Providers is made possible by the Cook County Department of Public Health through funds received from the Illinois Department of Public Health.*

*The Illinois Academy of Family Physicians/Family Practice Education Network designates this enduring material for maximum of 1.00 AMA PRA Category 1 credit™. Physicians should claim credit commensurate with the extent of their participation in the activity. Expiration: January 15, 2013.*

#### **Try out IAFP's improved education website at [www.iafp.com/education](http://www.iafp.com/education)**

IAFP has updated the education website to be more user-friendly, resourceful and efficient! With the Illinois Academy of Family Physicians (IAFP) CME Website, [www.IAFP.com/education](http://www.IAFP.com/education) (registration required), you will be able to track which CME courses you have completed and obtain your CME certificates - simply with the click of a button at the end of each completed online course. Check out any of the IAFP **FREE** online CME programs and you could earn up to four credits by completing all the activities.

#### **NEW Topics Now Available**

- **Providing Culturally Appropriate Diabetes Care to the Native American Patient: A Case Study**

This activity will take the learner through the screening, diagnosis, management (both lifestyle interventions & pharmacotherapy) and culturally-informed care for John - a 51-year-old Lakota Sioux.

- **Providing Culturally-Appropriate Diabetes Care to the African-American Patient: A Case Study**

This activity will take the learner through the screening, diagnosis, management (both lifestyle interventions & pharmacotherapy) and culturally-informed care for Melva - a 61-year-old African-American woman with a family history of cardiac disease. 1.0 AMA PRA Category 1 credits™.

- **Providing Culturally Appropriate Diabetes Care to the Latino Patient: A Case Study**

This activity will take the learner through the screening, diagnosis, management (both lifestyle interventions & pharmacotherapy) and culturally-informed care for Luis - a 51-year-old Latino man who speaks Spanish. 1.0 AMA PRA Category 1 credits™.

- **Managing Diabetes: Designing and Conducting an Effective Intervention in the Group Setting**

Managing Diabetes: Designing and Conducting an Effective Intervention in the Group Setting is a self-study CME guideline that can be viewed online or printed to read at a later date.

This CME activity will discuss the impact of diabetes and its comorbidities on cardiovascular risk and help learners apply the chronic disease model to the management of type 2 diabetes. This activity will also help the learner develop a group-visit intervention for patients with type 2 diabetes and understand how to code for group visits for type 2 diabetes management.

1.0 AMA PRA Category 1 credits™.

**FREE CME from the Illinois disease management program**

Visit <http://www.yhplus.com>

**See it now at: [www.yhplus.com](http://www.yhplus.com) (login required to access the updated**

**CME)** Log on and explore the three updated topics (Asthma, Depression and COPD). The new site also gives you the ability to store information on which activities you completed, and how many CME credits you have earned. You'll be able to complete the post-tests instantly online and get your score in real time as well.

All CME modules on this website have been approved for AMA Category 1 credit, AAFP prescribed credit, nursing contact hours, and asthma and depression have been approved for ABFM MC-FP Part IV credit.

**New and FREE Online Continuing Ed Opportunity**

Pathways Awareness, in conjunction with the American Academy of Pediatrics (AAP), offers a new online continuing medical education (CME) course: *Recognizing Early Motor Delays at the 2-month Pediatric Well Visit*. The program, [available here](#) is FREE for all by entering the code **PATHWAYS** at check out. Upon completion of the 20-minute course, eligible participants may earn a maximum of 0.50 *AMA PRA Category 1 Credits™*, AAP, or NAPNAP credits. The curriculum uses side-by-side video comparisons of infant observation to help health care professionals, students, parents, and caregivers recognize the signs of an early motor delay in children as early as 2 months of age and determine the most appropriate intervention if an early motor delay is observed. For more information on early motor delays and the help available, visit [www.pathwaysawareness.org](http://www.pathwaysawareness.org) or call our toll free parent answered hotline at 1-800-955-CHILD (2445).
