

Please Join Us for a Panel Discussion
Planning for Practice Transitions

Medical professionals face difficult challenges every day, none more important than the business decisions that influence your long-term success. Our panel of professionals will answer your questions as they discuss the most complex, and most common, transition issues that doctors face.

Topics will include:

- Buying, selling, or merging a practice: the financial, legal, regulatory and HR considerations
- The implications of health care reform on practice transitions
 - The Patient Protection and Affordable Care Act
 - Reimbursement
 - Accountable care organizations
- Current practice trends: hospital employment, super groups and concierge practices
- Succession planning

**Location: McDonald's Campus
Hamburger University**
2715 Jorie Boulevard, Auditorium 226
Oak Brook, IL

**Wednesday,
September 29, 2010**

7:00 AM
