After much careful consideration about holding non-essential gatherings during the COVID-19 situation, and in consultation with IAFP Acting President and Board Chair, we are transforming **the in-person March 20- 21 Chicago Essential Evidence Updates Conference** and the **in-person March 27 – 28 Peoria Essential Evidence Updates conference**, into a virtual webinar-based meeting.

[Essential Evidence Updates conference](#) is available via webinar on Fri., March 20, 9am – 4pm (with a break at noon for lunch). The amazing information will now be available in the safety and comfort of your home or office.

The Essential Evidence webinar will offer up to 6 hours of CME for \$100. Please click here for [information](#) or to [register to attend](#). A full schedule will be released by Mon. March 16.

IAFP recognizes that Family Physicians are the front lines of COVID-19. The potential exposure for this non-essential gathering is not worth the risk to you or your patients and the communities you serve.

We recognize that the timing of this decision significantly inconvenienced many. Due to the unexpected change to a webinar **IAFP will fully refund all in-person conference registration fees**. Please allow up to 5 business days for this to occur.

We apologize for the inconvenience and thank you for understanding. If you have any questions regarding the Essential Evidence Conference, please contact Kate Valentine at kvalentine@iafp.com; for questions about refunds and registration please contact Diana Hernandez at dhernandez@iafp.com.
