of Slots in Match: 8

Our residency is a Teaching Health Center program housed inside of Erie Family Health Center on the northwestern side of urban Chicago. We are located on the northwest side of the city of Chicago at Erie Family Health Center in Humboldt Park. The center delivers high-quality, culturally sensitive, bilingual healthcare to more than 73,000 medical patients. Our mission is to train family physicians with an emphasis on caring for the underserved, research and public policy.
